## **DETAILED ACTION**

### ***Reasons for Allowance***

Claims 2-6 and 8-15 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding claims 2 and 9, the closest prior art of record, Sowlati (Fig. 4a) does not disclose the following limitations: a first voltage connected to the second terminal of the first resistor is greater than a second voltage connected to the drain terminal of the first transistor by at least the gate to source threshold voltage of the first transistor. Regarding claim 3, the closest prior art of record, Sowlati (Fig. 4a) does not disclose the following limitations: wherein the first substrate terminal and the second substrate terminal are electrically connected to each other. Regarding claim 8, the closest prior art of record, Sowlati (Fig. 4a) does not disclose at least the following limitations: a third transistor and wherein the source terminal of the third transistor is electrically connected to the source terminal of the second transistor and wherein the drain terminal of the third transistor is electrically connected to the first terminal of the second resistor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
